Common Root Farm is a certified organic, diversified vegetable farm growing on 3 acres in Montgomery County, MD. We currently sell through our online store, an 80 member CSA, and 2 farmer’s markets. We grow bio-intensively with an emphasis on high value crops and quick crop rotation. We use a minimal tillage system and focus on building healthy soil that will support optimum plant health.

We are looking for someone to join our team who is hardworking, independent, committed, and aligns with our mission to build a thriving farm business that nurtures the soil, the land, the people who tend the land, and our greater community. Position is available immediately. We have room for growth for the right individual and want to enable employees to learn and grow as farmers.
